Then get on the list.

The North Texas Clean Air Coalition and the EPA are sponsoring the North Texas' Best Workplaces for CommutersSM list, providing national recognition to local employers who offer outstanding commuter benefits to their employees like free rides on DART and the T.

You can make the list if your organization provides employer-provided transit passes, vanpool subsidies or telework programs.

Visit www.bwc.gov and click on "Do I Qualify?" to see if you can make the list.

If you qualify, you'll earn the right to use the Best Workplaces for CommutersSM name and logo on Web sites, storefronts, brochures and other materials.

Apply by August 27. If you qualify, you'll be recognized during an October media announcement.

Tell your employees about commute solutions!
